

Guest Policies

Dear Guests, the RV you will be staying in has been donated by Thor Industries. The RV Park that you are visiting has donated the RV space for the travel trailer. Everyone at Tents for Troops, Thor Industries, and the hosting RV Park are doing this because we all feel so strong about supporting our Military. Please follow these guidelines below. Also, please support the camp store and snack bars if applicable and tell your friends about the parks you visit. Military guests are more than welcome to bring Non-military guest, however, they must pay daily rate of participating parks.

- Active Military may stay 2-7 nights in a Tent for Troops & RV's Too travel trailer free of charge, other than a onetime per visit fee of \$35 to help offset the parks cost. The parks cost will include set up, propane, toilet chemicals, and utilities.
- You must always call the parks to set up a reservation. **Drop ins are never allowed, you must call park for reservations.**

- Troops must show Active Duty Military I.D at time of check in.
- Troops must supply your own bedding, towels, hand soap, dish soap, and shampoo.
- A \$100 one-time deposit will be collected at the time the reservation is made. Be sure of your dates because the deposit cannot be returned if you change your plans. The host of the park will keep \$35 on all reservations. This fee helps offset the parks direct cost such as utilities, garbage service, and maintenance.
- \$65 will be returned if RV is left clean. It is imperative you leave the RV as clean or even cleaner that you found it. The RV park wants to pay your deposit back to you, but, if anything in trailer is broken or needs cleaning, your deposit of \$65 will not be returned.
- Leave RV Spotless, this includes: Microwave, oven, stove top, refrigerator, all countertops, all flooring, toilet, sinks, shower, interior of all cabinets, picking up all waste and pet droppings and disposing of them properly, and dumping the holding tanks.
- Guests: Please leave this RV as clean or cleaner than you found it. This program relies on the generosity of our parks, they are not only providing a free site to host the RV's, but they are also providing all help, maintenance, and support needed to keep this RV in service.
- Active Duty Service member must be present at the check in with their Active Duty Military ID.
- No refunds for cancelations. In case of cancelation, Park may keep 100% of deposit.

Each Park must set their own rules on how many adults/children/pets will be allowed to stay in RV. Generally, two adults and up to four children are allowed, but it is all up to the hosting Park because they must approve all guests. Clear Lake Campground allows spouses and children of Active Duty to stay at park when Active duty service member is deployed. You must call park to find out the policy they have. Tents for Troops does allow dogs in RV provided that the host of the Park allows dogs. Cats are never allowed in the Tent for Troops RV's.

Clear Lake Campground allows up to two adults and two children and one dog in the Springdale Mini. This brand new travel trailer has a full size bed and two bunks for kids.

Here's a YouTube video showing the details.
